RECONCILIATION OF THE STATEMENTS OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2022**

Net Change in Fund Balances - Governmental Funds \$ (5,493,020)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense, the allocation of the cost of any depreciable asset over the estimated useful life of the asset.

Capital Outlay 4,801,360

The issuance of long-term debt (e.g., issuance of bonds, the receipt of Developer advances) provides current financial resources to governmental funds, while the repayment of long-term debt consumes the current financial resources of governmental funds. Neither transaction; however, has any effect on net position.

Current Year Bond Principal Payment 20,000

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 1 DEFINITION OF REPORTING ENTITY

The District, a quasi-municipal corporation and a political subdivision of the state of Colorado, was organized by order and decree of the District Court of the City and County of Denver (the City) on October 17, 1997 and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under the Amended and Restated Service Plan dated August 23, 2004. The District's service area is located in the City and County of Denver. The District was established to provide financing for the design, acquisition, installation, construction, and completion of public improvements and services, including water, sanitation, street, safety protection, park and recreation improvements and services.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the assets, deferred outflow of resources, liabilities, and deferred inflow of resources of the District is reported as net position.

**DENVER GATEWAY CENTER METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources, measurement focus, and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District has determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

**DENVER GATEWAY CENTER METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include infrastructure (e.g., storm drainage, streets, and similar items), are reported in the applicable governmental activities' column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress and are not included in the calculation of net investment in capital assets.

**DENVER GATEWAY CENTER METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

It is the policy of the City to accept maintenance responsibility for all capital improvements within the City after a minimum two-year warranty period, except for certain landscaping, park and recreation, and storm drainage improvements specified in the District's Service Plan, upon the District's completion and conveyance of such improvements provided they meet the City's specifications.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

**DENVER GATEWAY CENTER METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance (Continued)

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2022, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 262,622
Cash and Investments - Restricted	4,648,853
Total Cash and Investments	\$ 4,911,475

Cash and investments as of December 31, 2022, consist of the following:

Deposits with Financial Institutions	\$ 392,724
Investments	4,518,751
Total Cash and Investments	\$ 4,911,475

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

**DENVER GATEWAY CENTER METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Deposits with Financial Institutions (Continued)

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

On December 31, 2022, the District's cash deposits had a bank balance of \$392,724 and a carrying balance of \$392,724.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2022, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Local Government Liquid Asset Trust (COLOTRUST PLUS +)	Weighted-Average Under 60 Days	<u>\$ 4,518,751</u>

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust currently offers three portfolios – COLOTRUST PRIME, COLOTRUST PLUS+, and COLOTRUST EDGE.

COLOTRUST PRIME and COLOTRUST PLUS+, which operate similarly to a money market fund and each share is equal in value to \$1.00, offer daily liquidity. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

COLOTRUST EDGE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$10.00 transactional share price. COLOTRUST EDGE may invest in securities authorized by CRS 24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

A designated custodial bank serves as custodian for the Trust’s portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust’s investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian’s internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor’s. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily or weekly, and there is no redemption notice period.

The details of the District's long-term obligations are as follows:

General Obligation Limited Tax Bonds, Series 2018A (2018A Senior Bonds) and Subordinate General Obligation Limited Tax Bonds, Series 2018B (2018B Subordinate Bonds, and together with the 2018A Senior Bonds, the Bonds) dated July 3, 2018

Bond Details

The District issued the Bonds on July 3, 2018, in the par amounts of \$23,115,000 for the 2018A Senior Bonds and \$3,710,000 for the 2018B Subordinate Bonds. Proceeds from the sale of the Bonds were applied to fund and reimburse a portion of the costs of acquiring, constructing, and installing certain public improvements and to pay the costs of issuance of the Bonds. Proceeds of the 2018A Senior Bonds were also applied to pay and cancel the District's Series 2016 Loan, fund the Senior Reserve Fund, and fund capitalized interest.

The 2018A Senior Bonds were issued as two term bonds bearing interest at 5.50% and 5.625%, respectively, payable semi-annually on June 1 and December 1, beginning on December 1, 2018. The first term bond has annual mandatory sinking fund principal payments due on December 1, beginning on December 1, 2020, and matures on December 1, 2038. The second term bond has annual mandatory sinking fund principal payments due on December 1, beginning on December 1, 2039, and matures on December 1, 2048. To the extent the 2018A Senior Bonds are not paid when due, the unpaid principal will continue to bear interest and the unpaid interest will compound semiannually on each June 1 and December 1 until the total repayment obligation of the District for the 2018A Senior Bonds equals the amount permitted by law and its electoral authorization.

General Obligation Limited Tax Bonds, Series 2018A (2018A Senior Bonds) and Subordinate General Obligation Limited Tax Bonds, Series 2018B (2018B Subordinate Bonds, and together with the 2018A Senior Bonds, the Bonds) dated July 3, 2018 (Continued)

Bond Details (Continued)

The 2018B Subordinate Bonds were issued at the rate of 7.875% per annum and are payable annually on December 15, beginning December 15, 2018, from, and to the extent of, Subordinate Pledged Revenue available, if any, and mature on December 15, 2048. The 2018B Subordinate Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal prior to the final maturity date. Unpaid interest on the 2018B Subordinate Bonds compounds annually on each December 15. In the event that the Subordinate Pledged Revenue is insufficient to pay the 2018B Subordinate Bonds, the unpaid principal will remain outstanding until the Termination Date of December 16, 2058 and will continue to bear interest and the unpaid interest will compound annually until the total repayment obligation of the District for the 2018B Subordinate Bonds equals the amount permitted by law and its electoral authorization. In the event any amount due and owing on the 2018B Subordinate Bonds remains outstanding on the Termination Date, such amount shall be deemed discharged and no longer be due and outstanding.

Optional Redemption

The 2018A Senior Bonds are subject to redemption prior to maturity, at the option of the District, on December 1, 2023, and on any date thereafter, at a redemption price of the principal amount redeemed plus accrued interest to the redemption date, and a redemption premium equal to a percentage of the principal amount so redeemed, as follows:

<u>Date of Redemption</u>	<u>Redemption Premium</u>
December 1, 2023, to November 30, 2024	3.00%
December 1, 2024, to November 30, 2025	2.00
December 1, 2025, to November 30, 2026	1.00
December 1, 2026, and Thereafter	0.00

The 2018B Subordinate Bonds are subject to redemption prior to maturity, at the option of the District, on December 15, 2023, and on any date thereafter, at a redemption price of the principal amount redeemed plus accrued interest to the redemption date, and a redemption premium equal to a percentage of the principal amount so redeemed, as follows:

<u>Date of Redemption</u>	<u>Redemption Premium</u>
December 15, 2023, to December 14, 2024	3.00%

Security

The 2018A Senior Bonds are secured by and payable solely from Senior Pledged Revenue, net of any costs of collection, which includes (i) property taxes generated by the imposition of the Senior Required Mill Levy; (ii) the Capital Fees, if any; (iii) the portion of the Specific Ownership Tax which is collected as a result of imposition of the Senior Required Mill Levy; (iv) all PILOT Revenue, if any; and (v) any other legally available moneys that the District determines, in its absolute discretion, to transfer to the Trustee for application as Senior Pledged Revenue.

The 2018A Senior Bonds are also secured by amounts on deposit in the Senior Reserve Fund, which was funded from proceeds of the 2018A Senior Bonds in the amount of the Required Reserve of \$1,906,375, and by the Senior Surplus Fund, which will be funded from Senior Pledged Revenue that is not needed to pay debt service on the 2018A Senior Bonds in any year, up to the Maximum Surplus Amount of \$2,311,500. The Senior Surplus Fund is to be maintained as long as any 2018A Senior Bonds remain outstanding. When no 2018A Senior Bonds are outstanding, any moneys in the Senior Surplus Fund are required to be remitted to the District for application to any lawful purpose of the District.

As of December 31, 2022, the balance in the Senior Reserve Fund was \$1,735,926 and the balance in the Senior Surplus Fund was \$93.

The 2018B Subordinate Bonds are secured by and payable from Subordinate Pledged Revenue, net of any costs of collection, which includes (i) property taxes generated by the imposition of the Subordinate Required Mill Levy; (ii) Subordinate Capital Fees, if any; (iii) the portion of the Specific Ownership Tax which is collected as a result of imposition of the Subordinate Required Mill Levy; (iv) all Subordinate PILOT Revenue, if any; and (v) any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee for application as Subordinate Pledged Revenue.

General Obligation Limited Tax Bonds, Series 2018A (2018A Senior Bonds) and Subordinate General Obligation Limited Tax Bonds, Series 2018B (2018B Subordinate Bonds, and together with the 2018A Senior Bonds, the Bonds) dated July 3, 2018 (Continued)

Required Mill Levy

Pursuant to the Senior Indenture, the District has covenanted to impose a Senior Required Mill Levy in an amount sufficient to generate revenues, when combined with Senior Pledged Revenue on deposit in the Senior Bond Fund (not including the Senior Reserve Fund or the Senior Surplus Fund) and any Senior PILOT Revenue, to pay the 2018A Senior Bonds and to fund the Senior Reserve Fund up to the Required Reserve, but not in excess of 50 mills (subject to adjustment) less the Operations Deduction, and, at any time the Senior Surplus Fund is less than the Maximum Surplus Amount, not less than 50 mills (subject to adjustment) less the Operations Deduction, or such lesser mill levy which, when combined with the Senior Pledged Revenue on deposit in the Senior Bond Fund and any Senior PILOT Revenue related to such mill levy, will permit the District to fully fund the Senior Bond Fund for the next Bond Year and pay the 2018A Senior Bonds, to fund the Senior Reserve Fund up to the Required Reserve, and to fund the Senior Surplus Fund up to the Maximum Surplus Amount. If, on or after August 23, 2004, there are changes in the ratio of actual valuation to assessed valuation, then the minimum and maximum mill levies shall be increased or decreased to offset such changes.

The District's Service Plan limits the District's imposition of ad valorem taxes for all purposes (debt service and operations) to 50 mills (subject to adjustment). Both the Senior Indenture and the Subordinate Indenture contemplate that the debt service mill levy imposed will be reduced by the operations mill levy. The Operations Deduction is the mill levy imposed each year in an amount sufficient, when combined with the Specific Ownership Tax related to such mill levy, to generate revenues in an amount up to: (a) for collection year 2019, \$152,500; and (b) for each fiscal year thereafter, an amount up to (i) the maximum Operations Deduction for the prior year, plus (ii) 1.7% of the maximum Operations Deduction for the prior fiscal year.

Pursuant to the Subordinate Indenture, the District has covenanted to impose a Subordinate Required Mill Levy each year in the amount of (i) 50 mills (subject to adjustment) less the amount of the Senior Bond Mill Levy (which means the mill levy required to be imposed in connection with any Senior Bonds) and the Operations Deduction; or (ii) such lesser mill levy which, after the deduction of the Senior Bond Mill Levy and the Operations Deduction, and when combined with other Subordinate Pledged Revenue available in the Subordinate Bond Fund and any Subordinate PILOT Revenue expected to be received with respect to such mill levy, will permit the District to fully fund the Subordinate Bond Fund for the next Bond Year and pay all of the principal of and interest on the 2018B Subordinate Bonds in full. As a result, the Subordinate Required Mill Levy will equal zero until such time as the Senior Bond Mill Levy together with the Operations Deduction equals less than 50 mills (subject to adjustment).

Restricted Project Funds

Proceeds of \$2,318,000 from the sale of the 2018A Senior Bonds have been deposited to the Restricted Account of the Senior Project Fund and proceeds of \$975,000 from the sale of the 2018B Subordinate Bonds have been deposited to the Restricted Account of the Subordinate Project Fund. Such Restricted Accounts will only be available for acquisition of public improvements if released from the applicable Restricted Account in accordance with the Senior Indenture and Subordinate Indenture, as applicable. If any amounts on deposit in such Restricted Accounts are not released by the date specified in the applicable Indenture, then such amounts are to be applied to debt service on the bonds through a mandatory excess proceeds redemption.

Annual principal and interest payments required to retire long-term debt are as follows:

Events of Default of the Senior and Subordinate Bonds

Events of default occur if the District fails to impose the Required Mill Levy, or to apply the Pledged Revenues as required by the Senior and Subordinate Indenture and does not comply with other customary terms and conditions consistent with normal municipal financing as described in the Senior and Subordinate Indenture. Acceleration of the Bonds shall not be an available remedy for an Event of Default.

Authorized Debt

On November 3, 1998, the District's electorate authorized total indebtedness of \$12,650,000 for the above listed facilities. The election also approved an annual increase in property taxes of \$100,000, at a rate not to exceed 30 mills, to pay the District's operation and maintenance costs.

Authorized Debt (Continued)

In 2018, the City approved an increase in the Maximum Debt Limit from \$20,750,000 to \$40,000,000.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area within the limitations of the District's Service Plan.

NOTE 6 NET POSITION

The District has net position consisting of two components – restricted and unrestricted net position.

The restricted component of net position consists of assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2022, as follows:

Restricted Net Position:

TABOR Reserve	\$ 4,600
Total Restricted Net Position	<u>\$ 4,600</u>

The District has a deficit in unrestricted net position. The deficit was a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

NOTE 7 RELATED PARTIES

The Developers of the property which constitutes the District are Gateway Center Joint Venture, a Colorado General Partnership, 64th and Tower LLC, a Colorado limited liability company and BBF Gateway LLC, a Colorado limited liability company. All four members of the Board of Directors are officers, employees, or associated with the Developers and may have conflicts of interest in dealing with the District.

On November 13, 2019, the District entered into an Advance and Reimbursement Agreement to repay advances and /or costs incurred by BBF Gateway LLC (BBF) for certain verified capital improvement costs. The District agrees to repay BBF for such capital improvement advances plus simple interest accruing at the rate of 7% per annum from the date the cost is incurred BBF. Advance payments will be applied first against accrued and unpaid interest and them to the principal amount due. At December 31, 2022, there were no outstanding advances under this agreement.

Intergovernmental Advance and Reimbursement Agreement

In October 2020, the District entered into the Intergovernmental Advance and Reimbursement Agreement (IGA) with Denver Gateway Meadows Metropolitan District (Meadows) to repay advances made by the District for operating and capital infrastructure costs. Meadows agreed to repay the District for such advances plus accrued interest at the rate of 6% up to the date of the IGA and 3% after the date of the IGA. In the event Meadows has not fully paid or reimbursed the District for any advances with interest prior to January 1, 2035, any outstanding amount shall be deemed to be forever released, discharged, forgiven, and satisfied in full. As of December 31, 2022 outstanding operating advances under the agreement totaled \$108,587 and accrued interest totaled \$21,497; outstanding capital advances totaled \$37,637 and accrued interest totaled \$8,943.

NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On November 3, 2004, the District's voters authorized the District to increase property taxes \$500,000 annually, without limitation of rate and without regard to any spending, revenue raising or other limitations contained within Article X, Section 20 of the Colorado Constitutions (TABOR) or Section 29-1-301, C.R.S., to pay the District's operations, maintenance and other expenses. Additionally, the District's electors authorized the District to collect, spend or retain all revenue without regard to any limitations under TABOR.

On November 8, 2016, the District's voters authorized the District to increase property taxes \$500,000 annually, without limitation of rate and without regard to any spending, revenue raising or other limitations contained within Article X, Section 20 of the Colorado Constitutions (TABOR) or Section 29-1-301, C.R.S., to pay the District's operations, maintenance and other expenses. Additionally, the District's electors authorized the District to collect, spend, or retain all revenue without regard to any limitations under TABOR.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

NOTE 11 COMMITMENTS AND CONTINGENCIES

Construction Commitments

As of December 31, 2022, the District had unexpended construction related contract commitments of approximately \$488,141.
